DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 2, 5-8, 11-19, and 21-54 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: The prior art of record fails to teach or make obvious the steps of or means for **“comparing the detected average throughput against a threshold throughput, wherein the threshold throughput is based on a maximum supported average data rate”**, when such comparing is considered within the specific structure of the method recited in claims 1 and 40 or the device recited in claims 27, 28, 34, 45, 50, and 55. The prior art of record fails to teach or make obvious the steps of or means for **“averaging a value indicative of a throughput for the current transmission with values indicative of throughputs for one or more prior transmissions in one or more prior transmissions intervals, wherein the averaging is achieved with a sliding window averaging”**, when such averaging is considered within the specific structure of the method recited in claim 7 or the device recited in claim 23. The prior art of record fails to teach or make obvious the steps of or means for **“the message is covered by a null cover that indicates that data transmission is not requested by the receiving device”**, when such message is considered within the specific structure of the method recited in claim 11 or the device recited in claim 24. The prior art of record fails to teach or make obvious the steps of or means for **“a controller coupled to the detector and operative to receive the status signal and generate a message requesting the transmission to stop the data transmission if the detected average**

throughput exceeds the threshold throughput”, when such controller is considered within the specific structure of the device recited in claim 19.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
